The Most Mobile, Versatile & Healthy Pen mouse on the market *Procure Pen Mouse Online at the Right Price in any Quantities!*

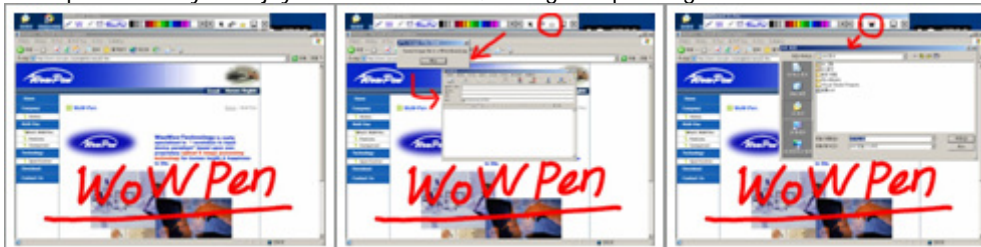

Meridian, Idaho– January 1, 2006 – The Other Solutions is proud to announce that it will be distributing the unique & trendy Pen Mouse from WaaWoo Inc. The Pen mouse is sold under the name Wow-Pen Eco™. The Wow-Pen Eco™ is a high quality pen mouse which is more flexible and easy to use than a traditional mouse. In addition to the usual mouse features, Wow-Pen Eco™ makes hand writing input convenient as well as a fun and exciting. WaaWoo Inc. is a leading manufacturer for a line of innovative high-quality computer accessories pen product.

Computers can be stressful, so WaaWoo Technology has come out with the Wow-Pen, designed to make you feel pleasant while using your PC. Not only does it have an anti-bacterial coating, its design makes it easier on first time users. This revolutionary device could be the solution to reducing or preventing carpal tunnel syndrome and other related joint pains acquired from today's traditional mouse technology. The mouse pen sells for \$34.95, in silver. It measures a mere 1.8" x 1.7" x 3.2" and weighs 0.09lb.

"The decision was simple to make when we saw, first hand, this unique pen-style mouse at the CES exhibition in Las Vegas this past January! A Wow-Pen user will be free, or at the least, minimize repeated stress injuries like carpal tunnel syndrome. Whenever we use the desktop mouse, we always feel fatigue and pain on neck, shoulder and arm due to twisted arm and wrist muscles, carpal tunnel syndrome, and RSI (Repeated Stress Injuries) especially using it for a long time. When you use the Wow-Pen, you grip it with the fingers, not with the whole hand and arm. That's why you don't have your arm and wrist twisted. The Wow-Pen Eco™ is available in our online store" states Henrik Vestermark, President of The Other Solutions

Wow-pen makes you enjoy real hand-written, noting and painting on various softwares.

1. It can make notes directly on web page.
